

# NPP Winter newsletter

## OUR TARGET AUDIENCE?

Some questions were received on our target audience. Who do we organise for, who can join the activities? We are here for YOU! This means that we are welcoming both PhD's AND post-docs. So, don't hesitate to participate.

## SUCCESSFUL COMPANY TRIPS

The last couple of months NPP organised trips to the three chemical companies: Dow Chemicals, Janssen Pharmaceutica and BASF. Attendees participated in fruitful discussions and gained appreciation for working in industry.

Also a new type of career development opportunity was launched. Many new faces showed up at the V.O. Patents workshop where a glimpse in the world of patents was gained.

EGOR, FENNA, ANNE, MONALISA

## CAIA EXAM

Signed up for the CAIA exam? Good luck on making it! We will treat you with some tasty winter drinks and cakes afterwards.
