

## CatchBio Symposium

### Amsterdam, 7 October 2010

**When:** Thursday 7 October

**Where:** NH Barbizon Palace, Amsterdam

**Who:** CatchBio academic and industrial partners, CatchBio PhD students and PD researchers, members of the Scientific Advisory Board, members of the Supervisory board. Other interested participants are welcome as well.

7 October 2010 the CatchBio consortium will gather for the second edition of the CatchBio symposium. During this day various keynote speakers from the Scientific Advisory Board and the CatchBio academic and industrial partners will contribute to an interesting scientific programme on catalytic biomass conversion.

For more information and registration, check the [CatchBio website](#).
